

Dear Patient,

We are honored and excited that you have chosen us to partner with in order to better serve your dental needs. We welcome you to our practice and our promise to you is to provide you with the best dental care possible to improve your oral and systemic health. We value our relationship with our patients and pride ourselves in giving you the considerate, deliberate, personalized, exceptional care that you deserve. We thank you for putting your trust in our practice.

During your first visit, we will do a comprehensive full mouth examination to formulate a plan how to best serve your dental needs. Doctor will present specific recommendations for maximizing the health of your mouth and therefore also improving your systemic health. We will provide you with the roadmap to health and schedule your next appointments to begin your journey.

To expedite our first visit, please complete the enclosed patient information and health history form and return it in the enclosed envelope. Please include any dental insurance as we are experts at working with any and all companies to maximize your insurance benefits. We will provide you with detailed financial estimates at your initial visit as well.

Please take premedication as directed if you are required to before dental appointments.

We are grateful to have the opportunity to serve and partner with you on your journey to optimal dental, oral and systemic health. We are always here for you, so if you have any questions or suggestions, we encourage your inquiry and how we can better serve your needs. We look forward to meeting you soon.

Warmest Regards,  
Implant & Periodontal Associates NW
